

Registration Now Open for CETEF'24!

 We are thrilled to announce that we are a media **Partner** for the the **4th Central European Technology Forum (CETEF'24)**, happening on 18-19 November 2024 in Krakow, Poland.

CETEF'24 is key international event brings together over **1000 representatives** from the technology, academic, and governmental sectors to discuss groundbreaking innovations and the technological potential of Central Europe. You won't want to miss the opportunity to engage with **high-profile experts**, participate in **thematic conferences**, and explore **Horizon Europe matchmaking event**.

This year's forum focuses on **key technological advancements** and their role in driving **Europe's energy transformation** and **innovation in high-tech industries**. With the support of the **European Commission** and **top industry leaders**, CETEF'24 is a premier platform for exploring new ideas, building partnerships, shaping the new **EU Framework Program** and future of technology in Central Europe.

Why attend?

- Gain insights from international discussions on European energy policy and technological advancements.
- Network with stakeholders from 16 Central European countries.
- Participate in the 2nd edition of the **Young Scientist Day, Thematic Conferences**, study visits, and more!

Don't wait—secure your spot today and be part of shaping Europe's technology and industry of tomorrow!
